

No. of Functional Features Included in the Solution

Date	15 March 2024 30 June 2026
Team ID	XXXXXX EduGenie - Google Gemini Powered Learning Assistant
Project Name	XXXXXX EduGenie - Google Gemini Powered Learning Assistant
Maximum Marks	5 Marks

Functional Features Overview:

This document lists all the functional features included in the project solution. Each feature is described with its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
	AI Q&A Chat Concept Explanation	Answers free-form educational questions with explanation, example and key points	a structured answer, question	Done qna.py - /api/ask, /qa / Pending)	1
1	MCQ Quiz Generation	LaMini-Flan-T5 model with Gemini fallback LaMini-Flan-T5 model with Gemini fallback Generates 1-15 multiple-choice questions from a topic or pasted text, each		Done Do quiz_module.py - /quiz	1
2	Text / Notes Summary	Produces a summary, bullet points and keywords from pasted text		Done summary_module.py - /s ummarize/ /s /summarize/	1
3	Personalized Roadmap Demo / Mock Model	Generates learning resources (book/course/roadmap) for a topic and level roadmap for a topic and level roadmap for a topic and level	Generate a step-by-step plan (activity) and a step-by-step plan when no Gemini API key is	Done le /le am/recommendations /le /learn/recommendations /le rning_path.py - Do	1
4	Query / Response Log	Logs every query and its AI response to a JSON	ON data store for traceability	Done utils/db_manager.py	1
5	Responsive Frontend	Eight pages (home, chat, explain, quiz, summary, recommend, about, contact) with light/dark toggle contact) with	Frontend	Done templates/, static/css, static/js	1
6					
7					
8					

Feature Summary:

Metric	Count / Value
Total Features Planned	
Total Features Implemented	
Core / Must-Have Features	

Additional / Nice-to-Have Features	
Features Tested & Verified	

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)		
2	Backend / Logic		
3	Database / Storage		
4	API / Integration		
5	Security / Authentication		

AI Q&A Chat	Answers free-form educational questions with a structured answer, explanation, example and key points explanation, example and key points	qna.py - /api/ask, /qa	Done
Concept Explanation	Explains a concept at simple / medium / advanced level, using a local LaMini-Flan-T5 model with Gemini fallback LaMini-Flan-T5 model with Gemini fallback	explanation_module.py - /explain/	Done
MCQ Quiz Generation	Generates 1-15 multiple-choice questions from a topic or pasted text, each with an explanation with an explanation	quiz_module.py - /quiz	Done
Text / Notes Summary	Produces a summary, bullet points and keywords from pasted text	summary_module.py - /summarize/	Done
Personalized Roadmap	Generates learning resources (book/course/practice) and a step-by-step roadmap for a topic and level roadmap for a topic and level	learning_path.py - /learn/recommendations	Done
Demo / Mock Mode	Serves realistic mock responses for every feature when no Gemini API key is configured configured	utils/gemini_service.py	Done
Query / Response Log	Logs every query and its AI response to a JSON data store for traceability	utils/db_manager.py	Done
Responsive Frontend	Eight pages (home, chat, explain, quiz, summary, recommend, about, contact) with light/dark toggle contact) with light/dark toggle	templates/, static/css, static/js	Done
